A Tribute to Mothers on Mother's Day

This Mother's Day, we express our heartfelt thanks to our mothers for their unconditional love and guidance. President Theodore Roosevelt once said, "The mother is the one supreme asset of national life; she is more important by far than the successful statesman, or business man, or artist, or scientist." Today, mothers continue to play a vital part of our national character. On Mother's Day, we honor the women whose steadfast love and wisdom have made America a great nation. Motherhood is a rewarding and often difficult job. A mother is a child's first teacher and affects a child's life like few others can. Loving and selfless mothers can inspire their children to love themselves and others, work hard, make healthy choices, serve causes greater than self, and achieve their dreams. Mothers who protect, teach, and nurture their children with all their hearts strengthen their families and help build a better future for our country. -from Pro-Life Articles
